

# Exploring Eastern Hong Kong History and Culture Mobile Application Game

August 2022 to October 2023

Themed around the culture in Central and Western district, the programme focuses on developing a mobile application which consists of an information hub of local landmarks and stories and a mobile application game. School-wide promotional tours and education tours are hosted for students to explore the district with the assistance of the mobile application. Community activities for seniors are held and stories shared by the participants are incorporated in the mobile application.
