

# Discover the Colours of Life

October 2023 to May 2024

Themed around Sham Shui Po's old and historical buildings, "Discover the Colours of Life" engages students from Cheung Sha Wan Catholic Secondary School (CSWCCSS) in a series of miniature art workshops, elderly home visits and a public exhibition. Using art as the medium, students can learn, record, and display the landmarks and unique culture of Sham Shui Po, deepening their understanding of the district's history and future development.

Presented by Mini Movements Inclusive Arts Association
